

## Panduan Instalasi Aplikasi VPN FortinetClient

### 1. Install FortinetClient

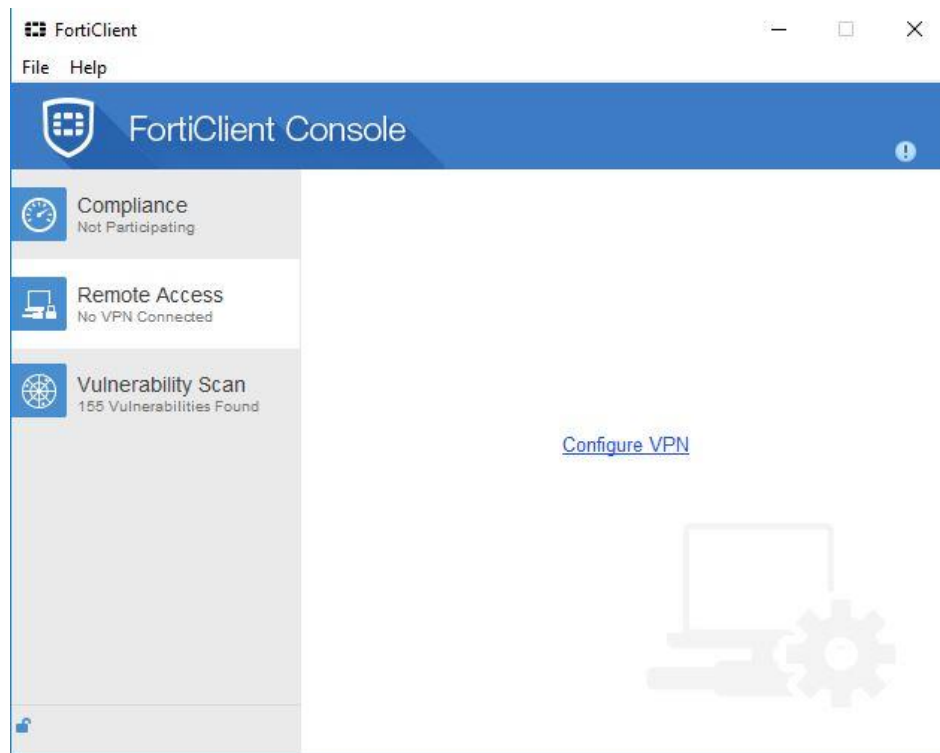

- a. Silahkan download installer [disini](#)
- b. Jalankan instalasi seperti biasanya, klik Next hingga Finish. *\*(Lama Instalasi -+ 5 menit)*
- c. Setelah berhasil install lanjutkan ke **Konfigurasi Fortinet Client**

### 2. Konfigurasi Fortinet Client

- a. Temukan Icon **FortiClient** dibawah pada halaman desktop, kemudian klik sebanyak 2x

- b. Pilih Menu **Remote Access**, kemudian **Configure VPN**

- c. Input seperti gambar dibawah ini, kemudian pilih **Apply**

The screenshot shows the 'New VPN Connection' dialog box in FortiClient. The window title is 'FortiClient' and it has a menu bar with 'File' and 'Help'. The left sidebar shows 'New VPN' selected. The main area has two tabs: 'SSL-VPN' (active) and 'IPsec VPN'. The form contains the following fields and options:

- Connection Name:** Input field containing 'VPN-TIMAH'.
- Description:** Empty input field.
- Remote Gateway:** Input field containing '118.97.130.238'. To its right is a checkbox 'Customize port' and a text box containing '443'.
- Authentication:** Radio buttons for 'Prompt on login' (selected) and 'Save login'. Below are checkboxes for 'Client Certificate' and 'Do not Warn Invalid Server Certificate'.

At the bottom right, there are 'Apply' and 'Close' buttons.

- d. Pilih **Close**

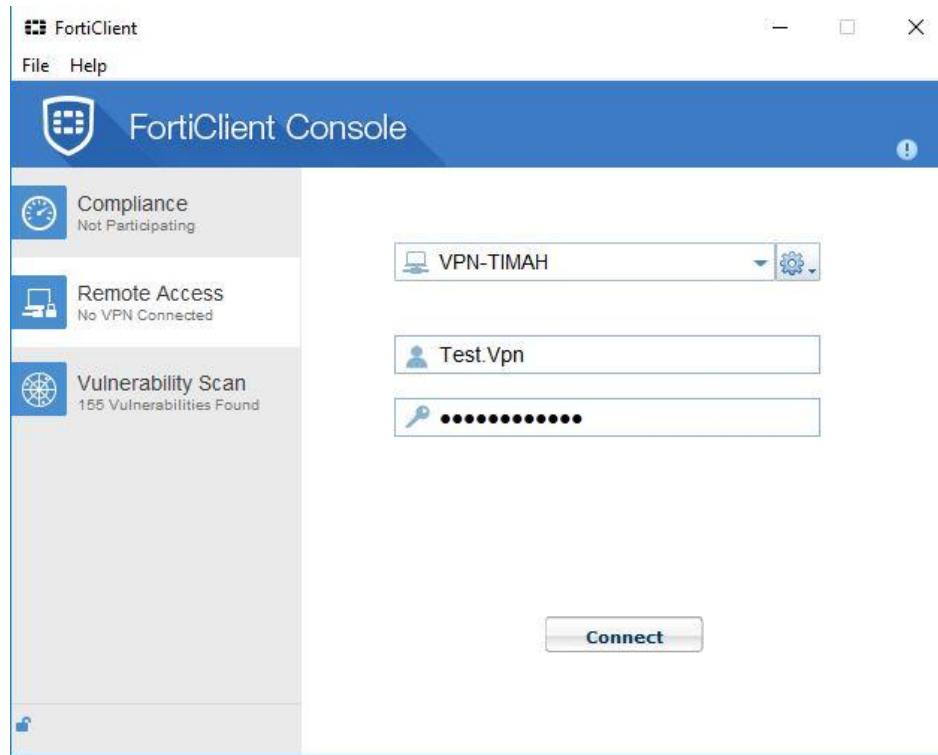

The screenshot shows the 'Edit VPN Connection' dialog box in FortiClient. The window title is 'FortiClient' and it has a menu bar with 'File' and 'Help'. The left sidebar shows 'VPN-TIMAH' and 'SSL-VPN' selected. The main area has two tabs: 'SSL-VPN' (active) and 'IPsec VPN'. The form contains the following fields and options:

- Connection Name:** Input field containing 'VPN-TIMAH'.
- Description:** Empty input field.
- Remote Gateway:** Input field containing '118.97.130.238'. To its right is a checkbox 'Customize port' and a text box containing '443'.
- Authentication:** Radio buttons for 'Prompt on login' (selected) and 'Save login'. Below are checkboxes for 'Client Certificate' and 'Do not Warn Invalid Server Certificate'.

At the bottom right, there are 'Apply' and 'Close' buttons.
